

**AMENDMENTS TO THE CLAIMS**

**This listing of claims will replace all prior versions and listings of claims in the application:**

**LISTING OF CLAIMS:**

1. (original): A graft or a block polymer comprising at least one kind of a silicone rubber segment and at least one kind of fluorine containing elastomer segment.

2. (original): The graft or the block polymer of Claim 1, wherein the fluorine containing elastomer segment is an elastomer segment comprising a vinylidene fluoride or an elastomer segment comprising tetrafluoroethylene.

3. (currently amended): The graft or the block polymer of Claim 1 ~~or 2~~, wherein the silicone rubber segment has a unit of dimethylsiloxane and /or methyl-3,3,3-trifluoropropylsiloxane.

4. (currently amended): The graft or the block polymer of Claim 1,~~2, or 3~~, which is obtained by reacting a fluorine containing compound having an fluorine containing elastomer segment obtained by polymerizing a fluorine containing monomer with the fluorine containing compound represented by the formula (1):

Preliminary Amendment  
Based on PCT/JP2004/008114

(wherein X<sup>1</sup> is an iodine atom or a bromine atom, R<sub>f</sub><sup>1</sup> is a bivalent alkylene group having 1 to 30 carbon atoms and possibly containing an oxygen atom, R<sup>1</sup> is an alkyl group having 1 to 3 carbon atoms),

with a silicone rubber having at least one amino group.

5. (currently amended): A curable composition comprising the polymer of Claim 1,  
~~2, 3 or 4~~ and a vulcanizing agent.
